

Ways to Increase Your Affluence

This is the money-making chapter of the book. If you are one of the women who read this chapter before all of the others, I want you to hit yourself in the head with this book or Kindle, wherever you're reading this, and read the chapters you should have read first.

I wrote this book in this order for a reason, and you cannot increase your affluence without working on yourself first. I've tried that and failed.

Invest Like a Woman

Create your **free** investing account at <https://elennyfrometa.com/ellevest> or use one of the other robo-advisors I recommended. I prefer Ellevest because they put women first.

Done? Sign here: X _____ (this is for yourself)

Save Smart

- Follow the 2 days rule. If you can't make that money back in 2 days, don't spend it.

Got it? Sign here: X _____

- Companies make money regardless. Make sure you find deals and discounts on everything you purchase.

- Go back to the car talk. If you agree, sign.

Got it? Sign here: X _____

- Use the 50-30-20 rule. If you can't save 50% of your income, increase it!

Diversify Your Income

- Look into dropshipping (my website and Google it)

- Look into printing on demand (my website and Google it)
- Look into FBA (my website and Google it)

Got it? Sign here: X_____

- Create your Prosper account and start investing with as little as \$25. You read the chapter, so you know what to do.

Diversify Your Bank Accounts

Create an account for business expenses

Create an account for personal expenses

Create an account for bills

Open a savings account

Open extra checkings account (pro tip: create it with Schwab. Learn more about them on <https://www.schwab.com/>)

Done? Sign here: X_____ (this is for yourself)

- If you have at least \$5,000 you can put in a savings account with **maximum returns**, create your *Citizens Access* account and invest it.
