

Create Your Own Business

Launching a successful and profitable business is not easy. That's why you must do a lot of research without getting information paralysis. Using everything covered in chapter 5, fill out this worksheet.

How to Create & Launch a Successful Business (my way)

- After having found your passion, write it here:

- After having done your research, answer the questions here (refer back to the book):

- After taking a course or two, sign here: X_____

- After writing your business plan, sign here: X_____ (remember that you must fulfill the bullet points below that category on the book prior to signing).

- After launching your business, send me an email at elenny@elennyfrometa.com telling me all about it. I want to know! If you don't like me, then just sign here: X_____
